# REPORT.

---

THE Board of Management of the Hertford County Hospital, in presenting the Ninety-fourth Annual Report, have the satisfaction of laying before the Governors and Subscribers the record of a successful year of work and progress together with an improved financial position.

The occupation of the new Resident Medical Officers' Bungalow, which was possible early in the year, cleared the way for the work of structural improvements in the Out-patients' wing, which have been long needed.

In order not to interfere with the working of the Hospital, it was necessary that the alterations should be piecemeal, and they have, therefore, only just approached completion ; but during the year under review parts of the scheme have been finished and occupied, including a greatly enlarged dispensary and a new well equipped casualty surgery. This last is both a very great convenience in itself and also as a means of relieving the operating theatre.

In consequence of its position, a new access for ambulances became necessary which involved a great deal of work, but it was no charge on the Hospital funds, being entirely provided by the generosity of Miss Jourdain, who also presented a concrete way from Prince's Ward to the main building, which is a great contribution to the comfort of patients moved for operation or otherwise.

The installation of an adequate disinfecting plant in the Hospital grounds was found necessary, the existing previous arrangements for disinfecting clothes and bedding not having been satisfactory.

The Board have very greatly to deplore the death of their Senior Honorary Surgeon, Dr. Charles Lawson Smith. They feel that it is difficult to exaggerate the loss of one who has served the Hospital so brilliantly and unselfishly for the past fifteen years. His exceptional surgical skill, unfailing cheerfulness and devotion to the interests of his patients, not only made him universally beloved, but constituted an asset to the Hospital it is impossible to overrate.

Mrs. Lawson Smith, to whom the Board offer their deepest sympathy, has expressed the wish that the whole of the Lawson Smith Memorial Fund, raised by the agency of the *Hertfordshire Mercury*, should be at the disposal of the Hospital. This will enable his memory to be suitably perpetuated by a Lawson Smith Memorial bed, special theatre apparatus which it was his wish the Hospital should possess, and his portrait.

The appointment of an Almoner has in the opinion of the Board been amply justified. The after care of patients when they leave the Wards is a very desirable, and indeed necessary, branch of the work of a Hospital in completing their cure and in preventing an otherwise frequent return. Miss Weaver has been most successful in procuring admissions to Convalescent Homes and the provision of necessary surgical appliances at practically no cost to the Hospital funds ; also, from her acquaintance with the circumstances of each patient, she has been of great assistance to the Board in advising what contributions to their weekly cost they may fairly be asked to pay.

The Board tender their grateful thanks to the Honorary Medical and Surgical Staff, the Honorary Ophthalmic Surgeon and the Honorary Dentist, for their valuable gratuitous services and for the assistance they have always given in every matter affecting the welfare of the Hospital.

The Board wish to express their sincere gratitude to Subscribers and Donors for the continued support they have received and which in most directions has been increased.

### STATISTICS.

For purposes of comparison with the figures of last year the following statistics are tabulated :—

Massage and Electrical Cases	256	215
Number of attendances made by Out-patients	10,250	11,898

(21 of these within 24 hours of admission)		
Weekly cost of an In-patient	£2 15s. 4d.	£2 11s. 5d.

(This item covers food, drugs, dressings, laundry, etc., but takes no account of the value of the services rendered gratuitously by the honorary Medical Staff).

## FINANCE.

The Balance Sheet and Income and Expenditure Account of the past year to be incorporated in this Report have been circulated, and the Board have the satisfaction of being able to place a much more favourable financial result of the year's working before the Governors and Subscribers.

This has been made possible by a very satisfactory increase in ordinary income and a reduction of expenditure without, as the Board believe, in any way impairing the efficiency of the Hospital.

In this connection it should be noted that although the number of in-patients during both years is substantially the same, the cost of in-patient per week has been reduced from £2 15s. 4d. to £2 11s. 5d., which will be found to compare favourably with most Hospitals of the same size and character.

There still remains, however, the burden of the remainder of the deficit of 1926, and it is very desirable that this should be wiped out.

The Clergy and Ministers of the Churches and Chapels have well maintained their support in collections and gifts in kind, and the League of Mercy's contribution of £310 was kept up on the recent generous scale. In 1926, £200 of their contribution was earmarked and has since been spent on the out-patients' wing improvements.

Pound Day was a very great success, producing £813, and the grateful thanks of the Board are due to Lady Clinton Baker and her Committee and also to the Matron for their hard work which had such a splendid result.

Lady Henderson has again kindly been responsible for the work of the Linen League.

The High Sheriff, Lt.-Col. O. R. McMullen, C.M.G., was good enough to revive the holding of the Presdales Gymkhana and, owing to his kindness and successful organisation, the Hospital benefitted by £258, a considerable increase over previous occasions.

A most satisfactory feature in the income receipts is the increase in the *Hertfordshire Mercury* Scheme and other Workmen's Collections. With the last quarter of the year's collections, the amount raised by the *Mercury* Scheme since its initiation exceeded £5,000, while the total for the year was £954 against £823 the previous year, an evidence of vitality and growth of which its contributors and Mr. Chapman Wood may be justly proud. The Board are much indebted to Mr. R. Addis who, for a long time, has generously doubled the contributions of his large staff of employees.

The very grateful thanks of the Board are due to Captain G. S. Pawle and to Mr. H. L. Prior for their generous donations of £100 each, the first assistance and encouragement on the road of recovery from the financial position of the previous year.

Welcome legacies have been received as follows :—

£100 from the late Sir Benjamin Faudel-Phillips, £100 from the late Mr. M. W. Mitchell, and £50 from the late Mr. E. A. Wolfe.

The Board wish to thank the many donors in kind whose benefactions do not appear in the accounts. Among them Mrs. Lacey has continued her custom of many years of constantly making valuable gifts to the Hospital, Miss Jourdain has made several substantial presentations in addition to those previously mentioned, and Mr. Wright of Walkern has again provided all aerated waters to the Hospital free of charge.

The Board also are greatly indebted to those who undertake the work of organising Whist Drives, concerts and other entertainments, the proceeds of which form a substantial part of their income.

In conclusion of a Report which the Board trust will be found satisfactory to their supporters, they feel it their duty to again bring before them the fact that, although recent years have been years of continual improvement, an old standing and crying need remains in the provision of Kitchen accommodation that bears a better relation to the present requirements of the Hospital.

This need will be very apparent to all Supporters and Friends when it is remembered that the existing Kitchens are not only underground and of an old fashioned type, but also were designed for a Hospital of only half the present size.

On behalf of the Board of Management,

J. B. GILLIAT,

*Chairman.*
